

ANTON BRUCKNER INTERNATIONAL SCHOOL, AUSTRIA is looking for a
MYP - INTEGRATED SCIENCE TEACHER to join our dedicated team.

START DATE: April 2024

CLOSING DATE: UNTIL FILLED

Anton Bruckner International School is an IB World School authorized to offer the Primary Years Programme (PYP) and the Middle Years Programme (MYP).

Anton Bruckner International School is located in Linz, Austria and is a caring, cosmopolitan community of vibrant learners striving for excellence in the achievement of knowledge and personal development. Anton Bruckner International School prepares students with the academic skills and qualifications needed to access the IB Diploma Programme anywhere in the world. Anton Bruckner International School promotes an inclusive community that teaches empathy, fosters collaboration and celebrates international diversity.

Our mission is to nurture and inspire; to provide the opportunity for each learner to achieve their full potential, within a local and global community.

Key Objectives of the Position:

MYP subject teachers have the primary responsibility to promote learning and to ensure that students have the opportunities to develop as IB learners and reach their full potential.

They commit themselves to supporting and promoting the philosophy and mission of the school, as well as the IB. They have a responsibility to work in the school's best interests, support its members and act in a collegiate manner.

Teachers have a responsibility to strive to achieve the highest professional standards in all they do at and for the school.

The responsibilities for delivering the MYP curriculum are:

- Preparing unit planners that build on students' previous learning experiences
- Including the prescribed key concepts and related concepts
- Placing appropriate emphasis on concept-driven and inquiry-based learning
- Differentiating instructions to meet students' learning needs and styles
- Curriculum development and review
- Setting and marking of work carried out at school and elsewhere
- Plan authentic assessments
- Assessing, recording and reporting on the academic development, progress and attainment of students

- Promoting the general progress and well-being of individual students, classes or groups of students assigned
- Providing guidance and advice to students on educational matters (Monitoring the progress of students, providing guidance, advice and support).
- Making records and reports on the personal and social needs of students
- Communicating and meeting with parents as required
- Participating in appraisal procedures and In-Service Training
- Cooperating with colleagues on the preparation and development of courses of study, and pastoral arrangements.
- Participating in the co-curricular and after-school programmes in the
- Maintaining good order and discipline among the students
- Responsible for administrative tasks: Registration of student attendance, checking students' diaries, collation of statistics etc when requested
- Assisting in the planning and organizing of school events and functions
- Supervising classes and students in cover arrangements
- Participating in Examination invigilation duties
- Undertaking professional duties and organizational tasks as reasonable delegated by the Head of the School

Qualifications and Requirements:

- Bachelor's or Master's degree in Education
- Evidence of continued relevant professional development
- Minimum of 2 years of successful teaching experience - IB MYP experience is desirable
- Ability to teach multiple subjects (Chemistry, Physics and Biology)
- Some experience with curriculum development would be an advantage
- Proficiency in spoken and written English
- Excellent interpersonal skills and strong communication skills
- A team player, willing to promote strong collaboration between staff members.

Person Qualities:

- Self-motivated and goal-focused
- Inclusive, flexible and adaptable
- Sense of humour
- Passionate in learning

What we can offer:

- Best working environment
- Caring and innovative community
- Excellent resources
- Excellent support and professional development opportunities
- Excellent new technology

- Excellent medical insurance and health care
- Fully funded tuition for dependent children

What our region can offer:

- A safe environment, rich in history with a thriving music and arts
- Highly attractive sports opportunities including skiing, hiking, sailing, etc
- High-tech centre with many start-ups
- An active international community

Application:

Interested candidates for this position can apply by submitting the following documents:

- A letter of application
- Up-to-date CV with a recent photograph
- Names of three professional referees (Direct supervisors) specifying their designation, e-mail and telephone number.

Mail your application to office@abis.school and include *REF : Application for Position as MYP Integrated Science Teacher* in the subject line of the mail.
